

SAM CAVALHEIRO

Game Developer

[+55 \(21\) 983299668](tel:+5521983299668) | sam.cavalheiro@outlook.com | sam-cavalheiro.github.io

03/03/1998 | Rio de Janeiro, Brazil

PROFILE

I'm a game developer experienced in projects made with Unity (C#) and Godot (GDScript) coming from Game Development graduation at IFRJ from Brazil. I'd realized some gamejam projects too. Even focusing in gameplay development projects, I developed with .NET (C#) and Android Studio (Java) in studies and personal projects.

PROJECTS

Kristian: Frango Cabuloso | Unity, C#

2019, 4 months

- 2D platform waves shooter game. My first project made with Unity and C#.

Invasão: O Último Ciclo | Unity, C#
